**Freedom of Information request reference number:** 8421.1

**Date of response:** 06/03/2024

**Request:**

I am writing this email to request figures on the number of injuries and fatalities as a result of e-bike and e-scooter fires from the last five years. I have seen the database which you have already published but it only states the number of people injured as a result of lithium-ion batteries as a whole and there isn't a way to be able to narrow it down to just E-bike and E-scooters.

**Response:**

In response to your request above please see the below two tables for data on the last Five years on e-bike and e-scooter injuries and fatalities.

Number of deaths			
Year	e-bike	e-scooter	Total

Number of injuries
