

New Blue Light E-tendering Portal A Supplier Basic How to Guide

Police and Fire Services are transitioning to a new E-procurement platform (supplied by In-Tend Ltd). If you supply to blue light organisations please register to this new portal to view opportunities.

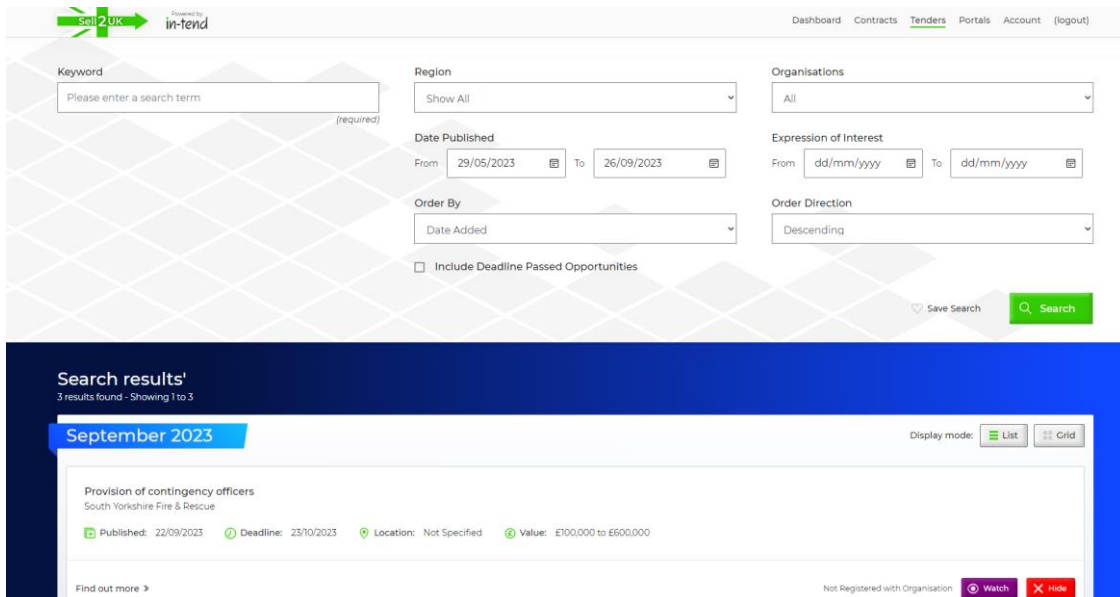

How to Register:

Go to <https://sell2.in-tend.co.uk/blpd/home>

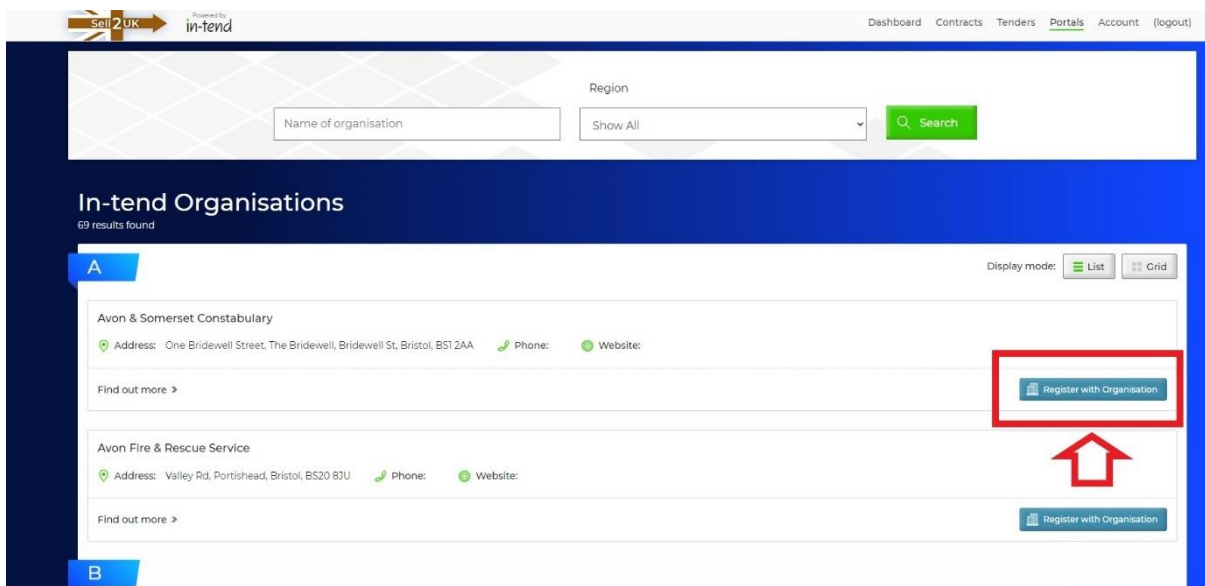

A fully self-service registration process is available:

You do not need to be registered to see openly available opportunities, but you do need to register to get more information, express an interest and submit a response.

To see more information and respond to opportunities for an organisation you must register via the portals section:

Dashboard

The “Dashboard” will show you the organisations and opportunities you have registered for:

The dashboard shows a list of tender opportunities under 'Expressions of Interest' and 'Viewed Opportunities'. The 'My Company Portals' section lists various police forces and their registration dates. The 'Company Details' section provides contact information for Jo Bloggs Test.
