

## Grenfell Memory Project Questionnaire

Thank you for taking the time to complete this questionnaire. It seeks your views on early project ideas that have been developed with close family members of the deceased, survivors, and other ADR claimants as part of the Grenfell Memory Project.

Your feedback is vital in helping to shape these ideas ahead of a public consultation with the wider community. Please feel free to answer as many or as few questions as you wish. Once completed, kindly return the questionnaire to [angela.basoah@london-fire.gov.uk](mailto:angela.basoah@london-fire.gov.uk) by Friday 6, June 2025.

### About you

Please let us know what your connection to the Grenfell tragedy is.

☐ **Close family member of one of the deceased** (relatives of those who lost their lives in the Grenfell Tower tragedy - spouse or partner; parent; child; siblings; Grandparents; Grandchild: child of deceased's siblings) **or family nominated relative.**

☐ Member of the wider family (including friend/ aunties/ uncles) of the deceased.

☐ Survivor or former resident of the Grenfell Tower.

☐ Survivor and former residents of Grenfell Walk.

☐ Resident/ Other ADR Claimant.

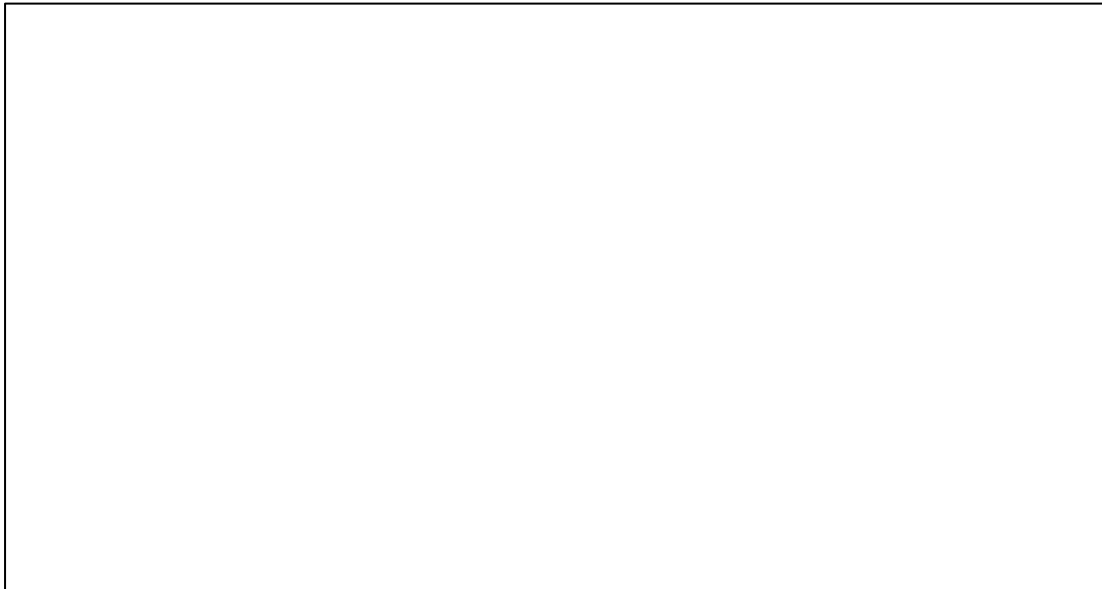

☐ Advocate for close family member or survivor.

☐ Other

**Below are six broad areas we could like your input on. Please comment any thoughts, ideas, challenges, etc.**

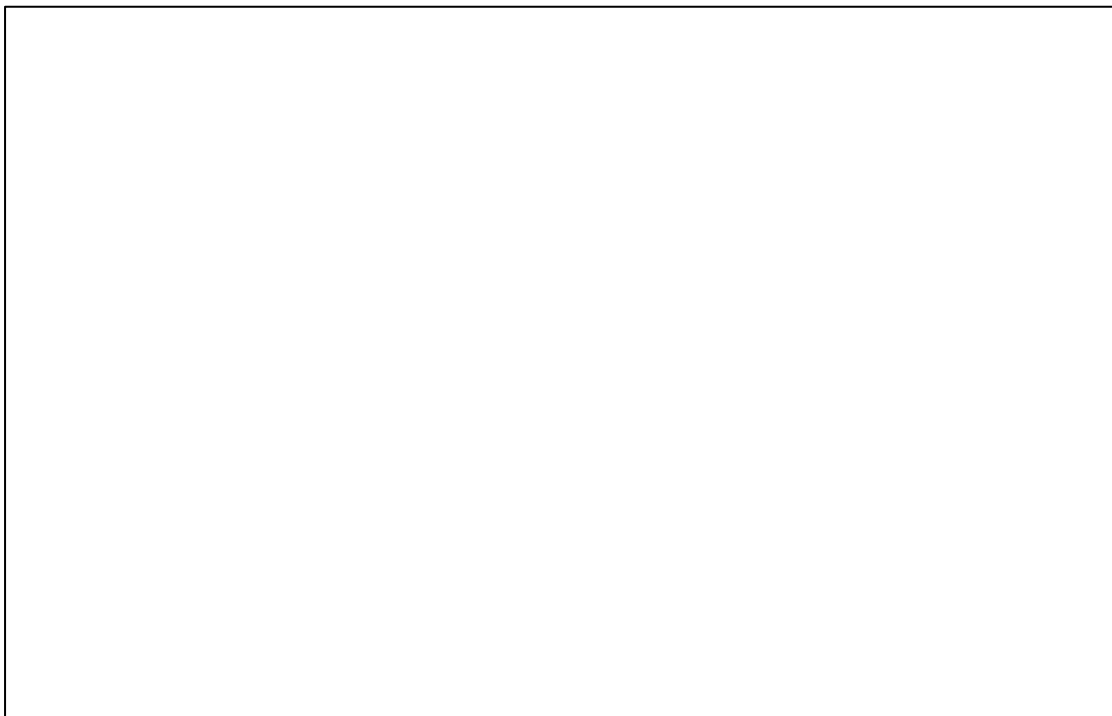

## **1. Personal Memories**

We've heard support for one-off grants to help close family members of those who died create personal memory projects in honour of their loved ones.

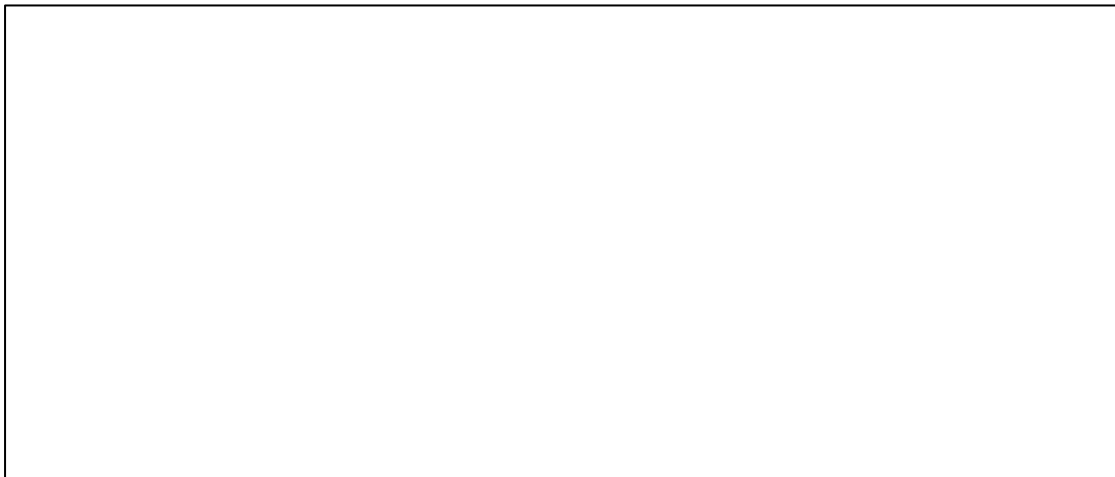

## **2. Supporting Children and Young People (Individuals up to 30 years)**

There have been calls for bursaries or scholarships for children and young people affected by Grenfell.

### **3. Supporting Children and Young People (Through Community Organisations)**

Some have suggested we fund trusted community groups who already support local young people.

### **4. Preventing Future Tragedies**

Some believe the Grenfell Memory Project should help ensure lessons from Grenfell are used to improve professional practice in the Built Environment and prevent future disasters.

## **5. Building Community Resilience**

Some have said the project should help local communities become stronger and better prepared for emergencies, through grants to local voluntary groups.

## **6. A New Community Hub**

Young people have suggested that there is a need to transform an existing space near the Grenfell Tower a multi-use community hub space.
